1. Carefully remove any excess spill and apply stain remover.

2. Allow solution to work and lightly agitate spot with upholstery brush.

3. Blot up solution, rinse with water, and blot again.

**CRYPTON**<sup>®</sup>  
Super Fabrics

Crypton<sup>®</sup> Super Fabric from Pride<sup>®</sup> is not only luxurious, durable, and contemporary, but it also resists spills, stains, odors, and bacteria. Nothing gets past Crypton's unique patented integrated fiber process. It protects your upholstery inside and out.

The Crypton Care Line consists of three products that are ideal for Crypton Super Fabrics, but also work well on any water-cleanable fabric. They remove almost any stain imaginable - grease, grass, wine, crayon...anything.

Crypton Purple is designed to remove ink, grease, and oil stains. Crypton Gold removes food, beverage, and protein stains. Crypton Green freshens and deodorizes fabrics; it is a neutral pH disinfectant that is safe for textiles. It can also be used in combination with any Crypton Care product.

#### Directions:

1. Carefully remove any excess spill and apply stain remover.
2. Allow solution to work and lightly agitate spot with soft brush.
3. Blot up solution, rinse with water, and blot again.

**Caution:** Eye and skin irritant. Flush immediately with water. Call physician. Do not take internally. Keep out of the reach of children.

Not for use on dry-clean-only fabrics. Test on inconspicuous area first. Some stains require use of a combination of products.

NO SOLVENTS • NO BLEACH • NO HARSH CHEMICALS
